

## **New Yorkers Against Religion-Based Bigotry**

By "religion-based bigotry," we mean either (1) bigotry rooted in or excused by religion, e.g. bigotry against gays, or (2) bigotry against people because of their religion (or lack thereof) . NYARBB opposes the religious right wing on many different fronts.

### **"Know Your Enemy" Project - dinner meeting in Queens Thursday, June 11, 2009, 7:30 PM**

Learn about the religious right wing and its activities here in New York. We will then brainstorm ways to educate New York area GLBT people about the religious right wing and our need to fight back. **We'll meet at a diner in Forest Hills, near the 71 and Continental Avenue subway station (E, F, G, and R lines) on Queens Blvd. Please see details and RSVP on our Meetup site:**
